### Lesson 1.02 Your Pace

Your goals are to complete these objectives:

- Select an appropriate pace to follow
- Save a copy of the pace chart in your portfolio
- Provide a copy of the pace chart to your instructor

Read through your objectives  
and then click Assignment or  
the next arrow.

As a cub reporter, one of the first things you will learn is the importance of meeting deadlines. Without consistent and determined effort, it will be impossible to become a successful news correspondent for the Global News Network.

Open the printable version of the pace chart you have selected and save it on your computer. The printable version can be found in the bottom right hand corner once you have opened the pace chart in the Course Information section. Give it the title **01\_02\_pacechart**.

- Follow the directions to fill in the due dates.
- Print out a copy and put it in your notebook. Refer to it often to make sure you are completing assignments and submitting them on time.
- Prepare to submit a completed copy of your pace chart to your instructor.
- Consult your instructor if you have questions about pace.

## Pace Charts

What's Your Pace?

Choose a pace for completing this course from the chart below. If you wish to change pace during the course, you must get approval from your instructor, your parents, and your guidance counselor. Think carefully about the time you have each week to devote to this course.

There are four choices for your pace:

- **Accelerated Pace** means that you will complete approximately 4-6 lessons per week.
- **Traditional Pace** means that you will complete approximately 2-5 lessons per week.
- **Second Segment Only Pace** means that you will complete approximately one module per month. This option is for students who are only seeking credit for the second segment and did not take the first segment online with this school.
- **Extended Pace** requires instructor, parent, and guidance counselor approval.

In Lesson 1.02 you will be required to select a pace, print out and fill in the appropriate pace chart, and place it in your portfolio for future reference. You will also be required to send a copy of your pace chart to your instructor.

Pace	Here's an approximation of what you can expect at this pace:
<a href="#">Accelerated Pace</a> Complete the course in 1 segment (18 weeks)	You will need to spend approximately 2-3 hours per day on the course.
<a href="#">Traditional Pace</a> (recommended) Complete the course in 2 segments (32 weeks)	You will need to spend approximately 1-1.5 hours per day on the course.
<a href="#">Second Segment Only Pace</a> Complete the course in 1 segment (16 weeks).  This option is for students who are only seeking credit for the second segment and did not take the first segment online with this school.	You will need to spend approximately 6-10 hours per week on the course.

I selected the **Course Information** button, then clicked on the **Pace** link. You chose an accelerated pace so we will click that link.

Pace	Here's an approximation of what you can expect at this pace:
<a href="#">Accelerated Pace</a> Complete the course in 1 segment (18 weeks)	You will need to spend approximately 2-3 hours per day on the course.
<a href="#">Traditional Pace</a> (recommended) Complete the course in 2 segments (32 weeks)	You will need to spend approximately 1-1.5 hours per day on the course.
<a href="#">Second Segment Only Pace</a> Complete the course in 1 segment (16 weeks).  This option is for students who are only seeking credit for the second segment and did not take the first segment online with this school.	You will need to spend approximately 6-10 hours per week on the course.

These are the directions for filling out your pace chart. These directions are at the bottom of the file you downloaded and saved.

How to Use This Pace Chart:

1. Save this work file to your computer.
2. Determine your start date (example: August 1).
3. Add seven days to your start date (example: August 8). Type that date in the column marked "Due" opposite Week One. That is the end of Week One and the date by which assessments 1.01 through 2.01 should be turned in. Keep in mind you are encouraged to work ahead and not wait until the last minute to turn in your required work for the week.
4. Look at a calendar and fill in the rest of the week ending, or due dates. Do not skip weeks.
5. Print out a copy and place in your portfolio. Refer to it often to make sure you are on pace. Send a copy to your instructor as directed in **1.02 Your Pace** assessment.
6. This course should take 18 weeks to complete. Two pace break weeks are built into this chart. You are not required to take these breaks, and it is flexible when you take them. Just be sure to communicate with your instructor your plans to take a break.
7. If you have questions or problems, contact your instructor.

4.05 Cultural Universals  
4.05x Telling Stories (extra credit)  
4.06 Take Action

Once you open the pace chart, start filling in dates every week. You are setting up your own personalized schedule so you know exactly what needs to be done and when you will be done with it. If you decide this is too fast we can always switch to a traditional pacing. This will allow you to complete the entire course in 18 weeks.

# Pace Chart

As always, feel free to call or email with questions. The Pace Chart is a very important part of the course as it is your guide to your assignments. I do not assign work to you. I have all of your assignments ready and you just need to work on them at a steady pace and that is what this schedule will allow. Keep on top of your work and you will be done in no time!
